EDUCATION

**Bachelor of BSc (Hons) in
Biotechnology**
(Undergraduate)
SLIIT – 2024 - Present

G.C.E. Advanced Level (A/L)
Visakha Vidyalaya, Colombo 05
2023
Stream: Biological Science

G.C.E. Ordinary Level (O/L)
Visakha Vidyalaya, Colombo 05
2020
Passes with 8As and 1B in one
sitting.

SOFT SKILLS

Strong teamwork and
collaboration skills

Good communication skills

Time management

Problem – solving and critical
thinking ability

Quick learner and adaptable to
new environment

SUMMARY

Motivated Biotechnology undergraduate with strong interest in molecular biology, genetics and laboratory research. Skilled in teamwork, problem – solving and scientific analysis with hands – on academic experience in biotechnology techniques and laboratory practices. Eager to apply theoretical knowledge and develop practical skills in research and industry environments.

PROFESSIONAL EXPERIENCE

**Participant – Young Biotechnologist One – Day Program
(SLIIT -2026)**

- Participated in a one – day program focused on biotechnology concepts and applications
- Gained exposure to modern biotechnological techniques
- Interacted with professionals and students in the field of biotechnology
- Developed awareness of career pathways in biotechnology

VOLENTEER EXPERIENCE

**Volunteer – University Open Day Activities
(SLIIT – 2026)**

- Supported visitors by providing information
- Improved communication, teamwork and organizational skills

Language

- Sinhala
- English
